Tin	564	160	235	142	6	22 "
Nickel	1500	210	43	-	5	15 "
Mercury	-	-	-	26	-	"

25X1A

Mercury imports have reached only 7 percent of the figure planned. The situation in lead is also serious.

Comment: These figures are in tons.

Comment: It is possible that "ost." is an abbreviation for the Czech word Ostattek meaning remainder. This may refer to copper slag or scrap copper.
